GENERAL INFORMATION

If you need a place to stay while you attend the reunion, our best advice is

MAKE YOUR RESERVATIONS AS SOON AS POSSIBLE!

Jacksonville has several new hotels, but they fill up fast because of the military. There are no group discounts for the reunion because group discounts negate other discounts (i.e. military discounts, AAA, AARP, hotel points, etc). Plus, if you book early through an online discount travel service (see sidebar) you can get an even better discount than the standard 10% that the hotels are offering as a group rate. We have grouped the hotels together in Zones (hotels in the zone are located within walking distance of each other). All the hotels are in the heart of Jacksonville and are very close to several shopping centers and restaurants. We have also included information for staying on the base, as well as beach accommodations. When making your reservations be sure to inform the hotels that you are with the Lejeune All-Class Reunion.
